

MWBA to Merge

The Madison Women's Bowling Association (MWBA) is merging with other local bowling associations to become a new combined association to be known as the **Madison Area Bowling Association**. The local associations joining forces include the: Madison Bowling Association (MBA), Madison Women's Bowling Association (MWBA), Madison Area Youth Bowling Association (MYABA), and the South Western Women's Bowling Association. This **merger will become effective August 1, 2017** and will represent the men, women, and youth bowlers of these existing associations.

What does this mean for you? Women's bowling will continue to be supported through women's only leagues, women's only tournaments, and awards. Couples, mixed, men's, and youth leagues will also continue without change. Below is an overview of what is expected to stay the same and what is expected to change.
